Overview

At Nowra High School we value partnerships that inspire learning, creativity, confidence and resilience by caring for ourselves, each other, our school and our community. We are committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged in their learning.

Our goal is to inspire every child to participate positively in society. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful learners in a caring learning community.

The principles of positive behaviour support, trauma-informed practice, inclusive practice, and social emotional learning underpin our daily practice. High expectations for student learning and behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

Our processes are founded on the idea that students must learn to take responsibility for their own actions and to ensure all staff respond to these challenges consistently to support students to acknowledge harm and learn from their behaviour.

To achieve our mission, key approaches and programs prioritised and valued by the school community are:

- Preventative Programs
- Wellbeing Referrals (Aboriginal Education Officer, School Counsellor, Student Support Officer, Defence Mentor, ARCO)
- Restorative Practice
- Berry Street Educational Model
- Community Partnerships

Mentoring Programs (We Are Warriors, Waminda, PCYC, Back in the Game)

These programs prioritise social and emotional learning which supports good mental health, positive relationships and supports prevention of bullying.

Restorative practice is a whole school teaching and learning approach that encourages behaviour that is supportive and respectful. A restorative approach focuses on building, maintaining and restoring positive relationships, particularly when incidents that involve interpersonal conflict or wrongdoing occur.

Partnership with parents and carers

Nowra High School partners with parents/carers in establishing expectations for parent engagement in developing and implementing student behaviour management strategies by:

- Behaviour management systems and processes and inviting families and student feedback through formal and informal means, for example, through school surveys, consulting with and local AECG
- Using concerns raised through complaints procedures to review school systems, data and practices.

Nowra High School will communicate these expectations to parents/carers through the school website, school newsletter, Sentral Parent portal, Open Night, parent meetings and provide links to information and resources in the Behaviour support toolkit.

School-wide expectations and rules

At Nowra High School we value partnerships that inspire learning, creativity, confidence and resilience by caring for ourselves, each other, our school and our community. Our school values are:

- LEARNING
- RESPECT
- RESPONSIBILITY
- SAFETY

We embed the Nowra High School Best Practice expectations of Care for Self, Care for Others and Care for our School through a clear and common language that is communicated across the school.

Behaviour code for students

NSW public schools are committed to providing safe, supportive, and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>. This document translated into multiple languages is available here: [Behaviour code for students \(nsw.gov.au\)](https://www.nsw.gov.au/education/behaviour-code-for-students)

NSW Department of Education

Behaviour code for students

Information for students and parents or carers

NSW public schools are committed to providing safe, supportive, and responsive learning environments for everyone across a range of settings. We teach and model the inclusive and safe behaviours we value in our students.

In NSW public schools students are expected, to the best of their ability, to:

- show respect to other students, their teachers and school staff and community members
- follow school and class rules and follow the directions of their teachers
- strive for the highest standards in learning
- act in a courteous and respectful way that makes all members of the school community feel valued, included and supported
- resolve conflict respectfully, calmly and fairly
- meet the school's agreed uniform policy or dress code
- attend school every day (unless legally excused)
- respect all property
- be safe and not be violent or bring weapons, illegal drugs, alcohol, vapes, e-cigarettes or tobacco into our schools
- not bully, harass, intimidate, or discriminate against anyone in our schools.

Schools take action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning.

All students have a right to:

- safety at school
- access and fully participate in their learning
- be treated with respect by other students, teachers and school staff
- express their views, set goals and self-advocate.

The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments and apply an appropriate action when students are not meeting these expectations. The department is responsible for the provision of a policy framework and resources such as legal issues bulletins, access to specialist advice, and professional learning to guide principals and their staff in exercising their professional judgment. In this context, the NSW

Government and the Department of Education will back the authority and judgment of principals and school staff at the local level.

Behaviour code for students: Student actions

Promoting the inclusion, learning, wellbeing, and safety of all students in NSW public schools is a high priority for the Department of Education.

We implement teaching and learning approaches across a range of settings to support the development of skills needed by students to meet our high standards for respectful, safe and engaged behaviour.

To meet the expectations set out above, students in NSW public schools, to the best of their ability, should adhere to the following principles.

Respect

- Treat one another with dignity.
- Communicate and behave courteously.
- Act and work cooperatively with other students, teachers, and school staff.
- Develop positive and respectful relationships.
- Value the interests, ability and culture of others.
- Respect the learning needs of other students.
- Dress appropriately by wearing the agreed school uniform or dress code.
- Take care with school property and the property of staff and other students.

Safety

- Model and follow school and class rules and expectations around behaviour and conduct.
- Negotiate and resolve conflict.
- Be aware of and take responsibility for how their behaviour and actions impact others.
- Care for self and others.
- Be safe and help others to make safe choices that do not hurt themselves or others.

Engagement

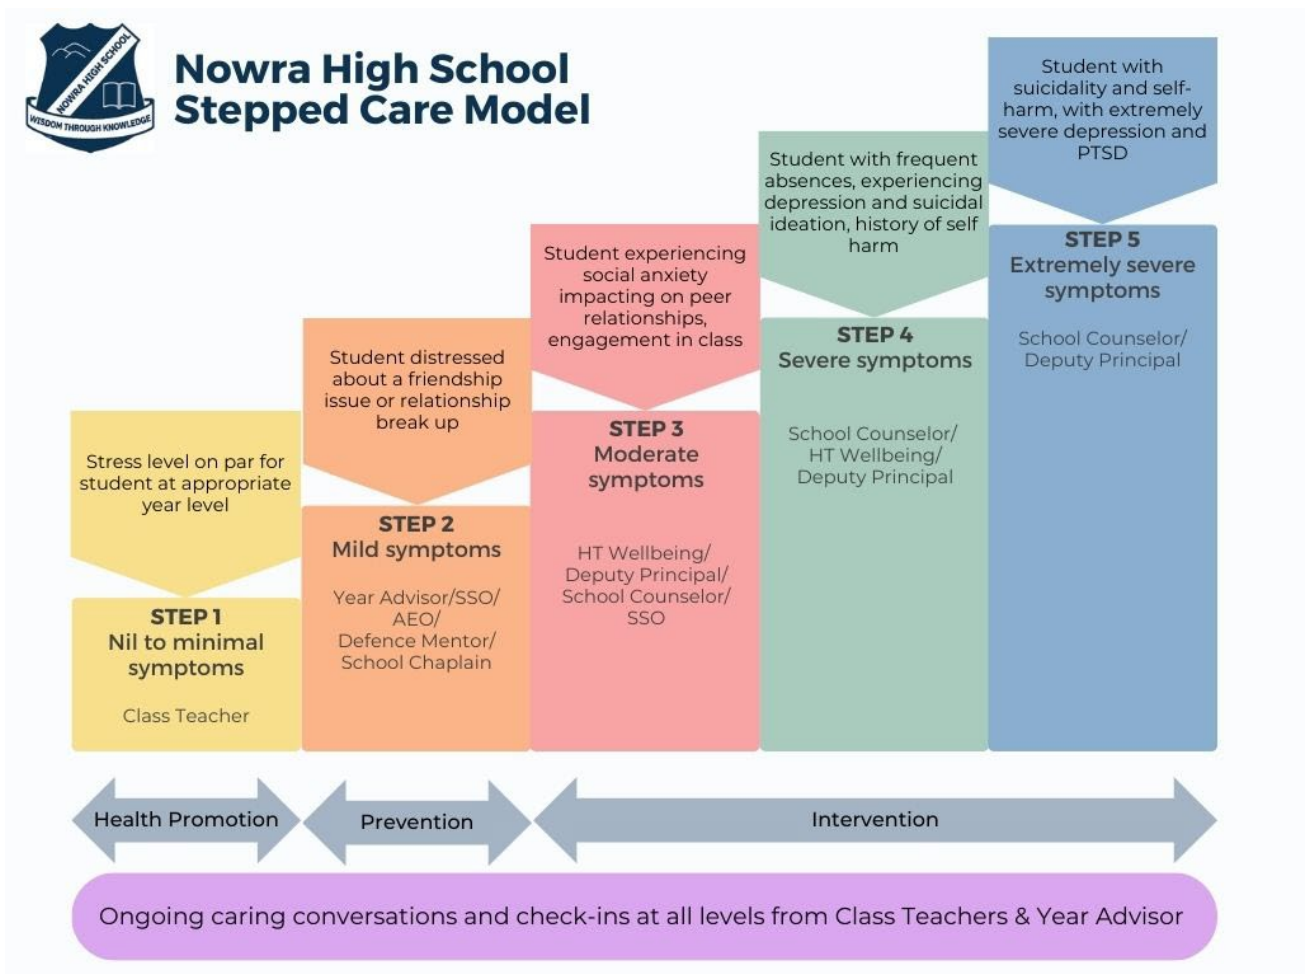

- Arrive at school and class on time.
- Be prepared for every lesson.
- Actively participate in learning.
- Aspire and strive to achieve the highest standards of learning.

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies across the care continuum and responds to behaviours of concern, including bullying and cyberbullying behaviour. Behaviours that do not constitute bullying include mutual disagreements or isolated incidents.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- actively supervising students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all learners.

Positive Behaviour

We pride ourselves at Nowra High School on recognising and rewarding positive behaviours of our students. The expectation that all students uphold the values of being respectful, responsible and safe learners who care for themselves, each other and the school.

The Nowra High Way Award System

Students in the Nowra High Way merit system will be acknowledged by their class teachers when they uphold the school values (or the 'Nowra High Way'). This will be by verbal recognition and receiving an electronic 'Class Merit' via Sentral. Students will also be acknowledged for exemplary attendance and wearing school uniform.

Nowra High Way Award

Once students have received 10 merits they will then be awarded a Nowra High Way Award. This will result in an email being sent home to acknowledge their success and will also give them an opportunity to redeem a prize. Students will have the option to redeem a small prize with their Nowra High Way Award, or alternatively they may choose to save it until they have achieved multiple Nowra High Way Awards and then redeem a prize of greater value. Students and parents/carers will be able to track their progress via the Sentral Portal.

Reward Excursions

We have two reward excursions across the year at Nowra High School. At the end of Term 2 there will be an excursion to the Roxy Cinema, this will require students to have achieved 2 Nowra High Way Awards (equivalent to 20 merits) across the semester, along with not having been placed onto a Red Monitoring Level, in order to be invited to attend. Our Jamberoo Reward Excursion is held at the end of Term 4. Students will need to achieve 2 Nowra High Way Awards (equivalent to 20 merits) in that semester, along with not having been placed onto a Red Monitoring Level in that semester, in order to be invited to attend the Reward Excursion.

Nowra High Way Award System

Class Merit (Value of 1)

Class teachers award to students for upholding school values:
Care for Self
Care for Others
Care for our School

Attendance Merit (Value of 3)

Nowra High Way Award

A 'Nowra High Way Reward' will be handed out to students via Roll Call folders each Monday.
*An email will be sent to parents

10 Nowra High Way Awards
collected

Students will be able to use collect their awards and use them to obtain prizes from the Nowra High Rewards Shop.

Nowra High Way Awards will also be linked to end of semester reward excursions.

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm.

Nowra High School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a student's behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- A stymie notification (please see page 15)
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through their year advisor or school counselling service. Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member, where there is a clear and close connection between the school and students' conduct.

Bullying Response Flowchart

The following flowchart explains the actions Nowra High School staff will take when they receive a report about student bullying, including bullying which may have occurred online or outside of the school setting. The timeframes will vary depending on the professional judgment of staff who receive the bullying complaint and their assessment of immediate risk to student/s.

Bullying Response Flowchart

Stymie and Nowra High School

stymie.com.au encourages students to support their peers by making anonymous notifications through their site. These notifications will be about other students who are seen being bullied/cyber bullied or experiencing any kind of harm at Nowra High. Students can also make notifications about **illegal activity and any other kind of harm to your school community**. The notifications can include evidence such as screenshots of social media conversations or messages and are automatically forwarded to the appropriate adult including a Deputy Principal and Head Teacher Wellbeing at Nowra High School. The first confidential conversation that they have will be with the student who is experiencing harm - they will know they are not alone.

Nowra High is committed to supporting all of our students in being able to make positive choices about bullying and harm in our community. Please use it. Use it responsibly and thoughtfully and know that you can make a difference.

HOW DOES SOMEONE MAKE A NOTIFICATION?

- 1.** Go to stymie.com.au
- 2.** Make a **detailed** notification, with at least **50 characters** of information in the 'what happened' box. You can also include a screenshot of any evidence of online harm.
- 3.** Click 'send'.

Preventing and responding to behaviours of concern

- Planned responses to behaviour that does not meet school expectations are either teacher or executive managed. Staff use their professional judgement in deciding whether a behaviour is teacher managed or executive managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others. Teacher managed – low level inappropriate behaviour is managed by teachers in the classroom and the playground.
- Executive managed – behaviour of concern is managed by school executive.

Corrective responses by teachers may include:

- rule reminder
- re-direct, offer choice or error correction
- prompts
- reteach
- seat change/play or playground re-direction
- stay in at break to discuss/complete work/walk with teacher
- conference
- detention, reflection and restorative practices
- communication with parent/carer

Managing Behaviours

At Nowra High School we utilise behaviour management approaches and practices aimed at building positive behaviours and learning environments, while reducing the occurrence of challenging and unsafe behaviours through proactive and preventive approaches and providing better options for managing challenging behaviours when they do occur.

When students are unable to self-regulate their behaviour, staff are able to follow the behaviour management plan to ensure they are able to deliver quality educational programs across the school. The following pages outline some key behaviours along with the strategies agreed upon by staff at Nowra High School.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the Incident notification and response procedure, Student Behaviour policy and Suspension and expulsion procedures

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the eSafety Guide.

Mobile Phone Policy

At Nowra High School mobile phones cannot be used during school hours. Students will need to switch their phone off and place it in their bag from the time they enter the school gate and until final bell of the day at 3:15pm. This also includes breaks.

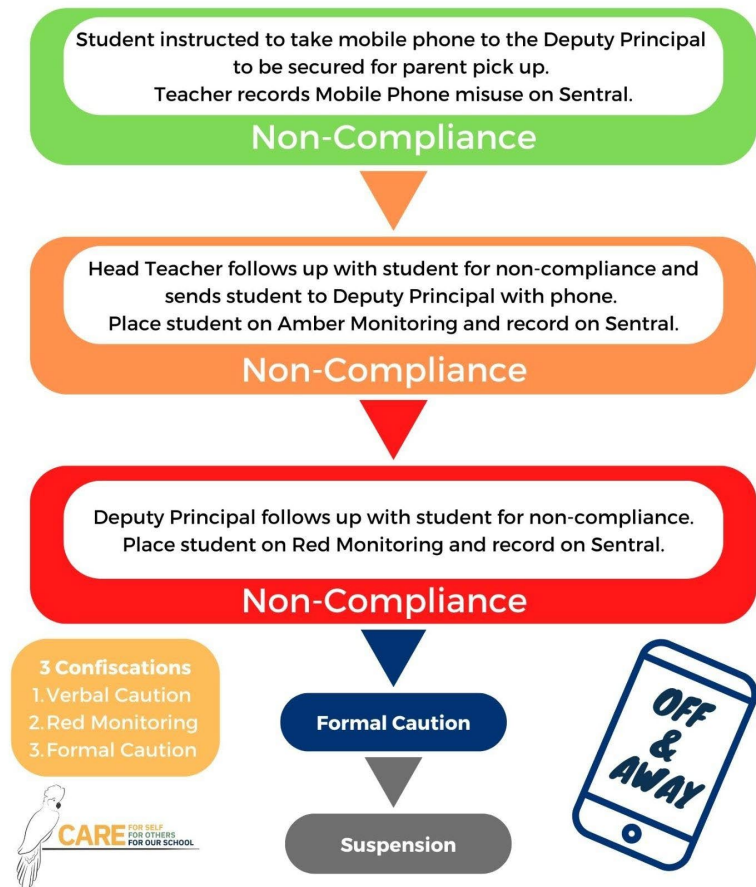

Students will be required to use either cash or keycard for purchases at the school canteen.

If a student does not follow the Mobile Phone Policy, they will be asked to report to a Deputy Principal or Principal to have their phone confiscated, of which it will be placed in a labelled envelope and placed in a safe. The Deputy Principal or Principal will contact you to request that you come and pick it up. For the first confiscation, students will be given a Verbal Caution. On their second confiscation, students will be placed on Red Deputy Principal Monitoring. For their third confiscation, students will be placed on a Formal Caution. Parents/Carers will be required to pick up and sign for their child's phone on each occasion.

Mobile Phone Policy

Nowra High School has a gate to gate policy for mobile phones. Students must not have their device out at anytime throughout the school day including class, break and all offsite activities.

Detention, reflection and restorative practices

To ensure the safety and wellbeing of all students and staff, as well as provide an educational environment where all students can achieve and succeed, it is essential that behaviour is managed appropriately. Where students do not respond positively to the standards and expectations of the school, it may be necessary to apply a fair, reasonable and proportionate action.

Toilet and food breaks are always included when students are withdrawn from the playground as a planned response to behaviour. The maximum length of time will be appropriate to the age/developmental level of the student.

Strategy	When and how long?	Who coordinates?	How are these recorded?
Alternate break plan – withdrawal from playground during breaks and re-allocation to office/classroom for supervised breaktime following breach in behaviour. The purpose is to assist the student to achieve the desired behaviour, to reflect on their behaviour and make positive choices – individual or group (detention)	Next break	Teachers	Sentral
Restorative practice – peer mediation , circles or restorative conversations in groups	Scheduled as soon as all involved are available	Year Advisor/HT Wellbeing	Sentral

What is detention/reflection?

- A student has demonstrated repeated inappropriate behaviours that have been addressed at both the classroom and executive level. The student has been directed to the reflection room (classroom decided by teacher/faculty) at lunch time to participate in a restorative conversation and encourage them to make positive choices.
- A student did not complete homework from the night before. The teacher directs the student to spend half of lunch the following day completing the homework under the supervision of a teacher.

Teacher-directed time-out

Teacher-directed time-out is a planned behaviour intervention that is implemented as part of a behaviour support plan based on an assessment of the behaviour. It is used to prevent an escalation of behaviour and support the teaching of appropriate behaviour and skills, such as self-regulation. For example:

- After using a range of de-escalation strategies, a student is directed by a teacher to go to a buddy class and complete their work to minimise the escalation of minor inappropriate behaviour. This is a planned strategy that is part of their individual student planning.

Time-outs at Nowra High School are to:

- to use a space within the classroom or nearby where the student can be supported
- the student is monitored by the teacher
- it is for the shortest possible time.
